

Roosevelt Irrigation District

Invitation for Bid

Roosevelt Irrigation District requests Bids from responsible vendors to meet its needs. A brief description is set forth below for Bidder's convenience. Please refer to our website at <https://www.rooseveltirrigation.org/> for further information.

Brief Description:

Roosevelt Irrigation District is seeking Bids for construction work to replace concrete liner in its main canal. The general scope of work will be removing the remnants of old concrete liner, removing and replacing saturated soils, recompacting the liner subsoil, and replacing the concrete liner with fiber mesh shotcrete approximately 4" thick. The areas of canal that are in need of this work are from the general area of Citrus Rd. and 1/8 mile north of Van Buren St., following the RID main canal works heading East to the Agua Fria River. RID is accepting bids for all phases of the scope, for all scales of work, and will be emphasizing time windows of completion for the dates of November 9th 2024 to November 22nd. All work must be completed within this RID annual dry up window.

Please read entire solicitation package and submit a Bid for evaluation in accordance with the instructions provided at our website, <https://www.rooseveltirrigation.org/>. All forms and signature areas should be completed in full and submitted along with the price proposal which will constitute the Bid. Bidding opens 9/12/2024. There will be a pre-bid questions meeting on 9/25/2024 at 1pm MST, a zoom link will be posted on the RID website. All bids must be submitted by 10/3/2024 at 2pm MST.

Contact Kenneth Brill with any questions at Kbrill@rooseveltirrigation.org.

Bids that do not adhere to Form and Content of Bid requirements may not be considered.
